Basic Hitching Guide for Renters (Include as Addendum)

1. Back your vehicle up slowly to align the hitch ball with the trailer coupler.
2. Lower the trailer tongue using the jack until the coupler sits securely on the ball.
3. Lock the coupler latch and secure it with a pin or lock.
4. Attach safety chains in a crisscross pattern under the hitch.
5. Plug in the electrical connection to power the trailer's lights and brakes.
6. Attach breakaway cable to a solid part of the vehicle (not the safety chains).
7. Test trailer lights and brakes before driving.
8. Raise and secure the jack before towing.
